

# Year 1 History

## Grace Darling and the RNLI

### What impact has Grace Darling had on our lives?

Grace risked her own life to help to rescue nine people whose boat was sinking in 1838. This made her the first woman to receive an RNLI medal. Her impact inspires the Lifeboat services in Britain today.

### How do we look after people in difficulty?

There are different rescue services that people can call if they need help.

### What is different between now and then?

Boats today are quicker, they have equipment which makes them safer, and the crew are trained to rescue people.

impact	how it changes things	rescue	save something or someone
lifeboat	a boat used to help people 	service	gives help
past	happened before now	significant	important
present	now	similarity	what is the same
